Soil Test Order Form

The Soil Test is the cornerstone of the Fix My Soil Fertility Program. Why guess when you can know for sure? That is the guiding premise behind taking a soil test. Follow the steps outlined below to order your soil test.

Step 1 - Collect Soil Sample

Take a soil sample by digging a vertical hole in the soil to a depth of 6 inches. Take an even slice off the side from top to bottom with a clean spade that is not rusty. Place in a clean bucket that does not have any feed, salt, or fertilizer residues. Take several more samples like this in other areas of the garden. Mix all the soil together thoroughly in the bucket. After mixing, put about 1½ cups into a plastic Ziploc (resealable) baggie.

Note: If you have more than one sample (e.g., garden, orchard, greenhouse, specific crop), please fill out a **separate Soil Test Order Form** for each sample.

Step 2 - Contact & Crop Info

Name _____	Phone / Cell _____
Address _____	Email _____
City, State, Zip _____	Previous Crop _____
Sample ID _____	Intended Crop _____
Size: L <input type="text"/> W <input type="text"/> Area (L x W): <input type="text"/>	- or - list number of acres <input type="text"/>
Type of Growing Area - Select only one: <input type="checkbox"/> Garden <input type="checkbox"/> Greenhouse <input type="checkbox"/> Market Garden <input type="checkbox"/> Farm	
Type of Soil <input type="checkbox"/> Clay <input type="checkbox"/> Sandy Loam <input type="checkbox"/> Purchased (brand/type) _____ <input type="checkbox"/> Other _____	
Type of Recommendations - Select only one: <input type="checkbox"/> Nutrient Dense - Recommended <input type="checkbox"/> USDA Certified Organic	

Step 3 - Pricing & Services Offered

75.00 Soil test with recommendations

Comprehensive soil test: See page 2 for sample test results.

Personalized recommendations tailored to your crop.

Follow-up consulting: This is your chance to ask questions about your soil test results, recommendations, and overall approach to growing and harvesting the highest quality crops.

Step 4 - Payment

Send check, money order, or cashier's check, payable to "Fix My Soil, LLC" or provide credit/debit card info below:

Card Type : _____	Card Expiration: _____
Card Number: _____	CVV: _____
Signature: _____	Card Zip Code: _____ Date: _____

Step 5 - Send Your Sample

Print this page and mail with your Soil Sample and Payment to:

Fix My Soil, LLC PO Box 114 Plato, MN 55370 952-239-2042

What's Next?

When you receive your **SOIL ANALYSIS REPORT** and fertility **RECOMMENDATIONS SHEET** from Fix My Soil, **Lynn Hoag** will contact you for your consultation.
